EDUCATION

Elon University, Martha and Spencer Love School of Business — Elon, NC — Class of 2027
Finance major

EXPERIENCE

CEO, True North Services LLC — Chicago North Shore — Apr 2026 – Present

- Incorporated the company (Apr – May 2026) on a manager-contractor model with a written operations & risk framework and priority roadmap; team of four-plus, with an operations lead running weekly ops calls.
- Put the company on a documented operating system: three mandatory forms (quote scheduling, quote result & pricing, end-of-job report) feeding one master sheet; pricing floors of a $100 minimum job and a 30%+ manager margin target, and a signed client agreement on jobs over $500.
- Wrote the head-manager crew training program (power washing, paver-sand reapplication, window washing) and ran the first company all-hands (Jul 17, 2026): quote process, marketing standard, referral incentive.
- Hand-built the company site, lead-capture form, a post-quote form that makes close rate a visible number, and a 90+ photo marketing library.

AI Intern, Screencastify — Jun – Aug 2026

- Mapped 7 workflows across 6 departments in 48 hours with one written diagnostic prompt and one added meeting; all seven shared one failure — a person acting as the API between systems that don't talk.
- Shipped three fixes, including a weekly finance AR-collections task cut from 4–8 hours to under 15 minutes.
- Built Castify OS, three internal AI modules live in nine weeks: a Proposal Generator (30 min → 5 min per proposal), an approval-gated outbound email agent, and a traffic dashboard that breaks out AI-assistant referrals as their own channel.
- Audited 76 posts and reframed marketing as under-concentrated, not under-worked, proposing one anchor asset repurposed into eight placements.

AI Hub Leader | Outreach Team Lead, Elon AI Hub — Elon, NC — Feb 2025 – Present

- On the team since the hub started in February 2025; outreach team lead since September 2026.

Founder, Oasis Exterior Cleaning — Chicago North Shore — Founded May 2023

- Power-washing and window-washing business: 50+ clients and five-figure revenue in the first summer, +68% customer growth from hand-built local marketing (flyers, Nextdoor, Instagram, Facebook), managing a crew of high-school and college students.

LEADERSHIP & ACTIVITIES

President, Elon AI & Emerging Tech Club — Aug 2025 – Present

- Member since 2024. Hosted Applied AI: From Campus to Workplace (Oct 13, 2026) with the Elon AI Hub, partner student organizations and a Duke FinTech workshop, and the Crypto & Digital Assets Night (Sep 29, 2026).

Transfer Ready, Techstars Startup Weekend AI — Winston-Salem, NC — Oct 2026 – Present

- **2nd place and the Social Impact Award** (Oct 2–4, 2026) for a better way to find, value and hand over a business's intangible assets at sale; the team now tests a low-cost audit with real owners before building software.

SKILLS

Operations & leadership — crew hiring and training programs, documented ops frameworks, weekly ops cadence, manager-contractor structuring, client management.
Sales & marketing — door-to-door and referral sales, in-person quoting, Nextdoor/Meta local campaigns, lead-capture funnels.
Finance & markets — unit economics, pricing floors and margin structures; self-directed investor since 2020.
AI & automation — workflow mapping and diagnosis, prompt-built internal tools, agent modules with human approval gates, Google Sheets / Apps Script automation.
Web — hand-built HTML/CSS sites, form-to-sheet plumbing, static deploys.
Languages — English; Mandarin Chinese (conversational).
